The Manufacturing Group

The PrincetonOne Cleveland Manufacturing Group consists of professionals employing proven search methods to quickly and efficiently place top talent.

- Our business focuses on all levels throughout large and small manufacturing and engineering companies.
- We have an established database of over 18,000 candidates.
- Success and experience in single and multiple search assignments, as well large expansion projects
- Domestic and international services

PrincetonOne of Cleveland provides

- Quality Candidates. We deliver only the highest caliber candidates, those who not only surpass your skill requirements, but who are also a good fit with your company culture.
- Quick Results. Information sharing and support among our offices nationwide, and globally.
- Convenience. You deal with only one single point-of-contact for all your needs.
- Commitment. We act as your strategic business partner, learning your company inside and out. This allows us to think beyond immediate assignments and quickly deal with new challenges when they arise.

Awards and Achievements

- Placing top talent since 1991
- Presidents Club (incentive trip awarded to top producers) – 15 consecutive years
- Over \$5mm career cash-in
- Over 400 successful career placements
